PROFESSIONAL SUMMARY

Software Engineering graduate with experience across five internship and training programs in IT and technology environments. Skilled in full-stack web development, object-oriented programming, and relational database design using Java, Python, PHP, JavaScript, and SQL. Built an AI-powered legal technology platform as a graduation project. Seeking an entry-level or internship role in software development, web development, or IT.

EDUCATION

Arab Academy for Science, Technology & Maritime Transport, Cairo

Sep 2022 - 2026

Bachelor of Computer Science, Major in Software Engineering

Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Artificial Intelligence, Database Systems, Software Engineering and Requirements, Operating Systems, Web Development, Project Management, Cybersecurity.

TECHNICAL SKILLS

Languages: Java, C/C++, Python, PHP, JavaScript, Kotlin, R

Web: HTML5, CSS3, Bootstrap, React, Java J2EE (Servlets, JSP), MVC Architecture

Databases: SQL, MySQL, Oracle SQL, PL/SQL, Database Design and Management

Tools and Concepts: Power BI, Figma, Git, R Studio, RAG, OCR, CCNA Networking Fundamentals, Data Analysis

Soft Skills: Communication, Teamwork, Problem Solving, Critical Thinking, Adaptability, Time Management, Leadership

PROJECTS

KnowLaw - AI Legal Technology Platform (Graduation Project)

- Developed a full-stack AI platform giving Egyptian citizens accessible, verified legal guidance across 18 domains of Egyptian law, in both Arabic and English.
- Built a Retrieval-Augmented Generation (RAG) chatbot, an OCR document analyzer, an automated contract generator, and a secure Legal Vault for document storage.

Book Store Website

- Developed a responsive online bookstore with dynamic user interaction using HTML, CSS, and JavaScript; migrated server-side logic from PHP to Java J2EE for scalability.
- Re-architected user session handling and data management, improving application performance.

Healthcare Management System

- Built a Java system for patient records, appointments, and staff coordination, applying object-oriented design for modularity and persistent data handling.

EXPERIENCE

Winter Internship Trainee - Information Technology Institute (ITI), Cairo

Jan 2026

IT Trainee - Elhazek Construction Group, Cairo

Jul 2025

Summer Internship Trainee - ICT Hub Egypt, Cairo

Jul 2024

- Completed intensive training in SQL, Power BI, and data analysis; awarded Best Project in Software Engineering for the capstone project.

Summer Internship Participant - Bright Network, Remote

Jun 2024

Trainee - General Authority for Investment and Free Zones (GAFI), Cairo

Aug 2023

- Completed Kaspersky cybersecurity training covering threat awareness, endpoint protection, and secure practices.

CERTIFICATIONS AND AWARDS

Best Project Award, Software Engineering - Arab Academy for Science and Technology (2024) | Data Analysis Skills, SQL, and Power BI - ICT Hub Egypt (2024) | Kaspersky Cybersecurity Training - GAFI Free Zone (2023)

LEADERSHIP AND VOLUNTEER EXPERIENCE

Public Relations Member - Enactus AAST, Cairo

2023 - 2025

- Coordinated external communication and outreach for entrepreneurship and social impact initiatives.

Organizer, Mentor Area - StarHub, Cairo

2026

- Managed the mentor area, coordinating between mentors and participants throughout the event.

LANGUAGES

Arabic (Native) | English (Professional Working Proficiency)
