

AMR AHMED

Frontend Developer | React.js | Next.js | TypeScript

Cairo, Nasr City | 01069111355 | amr.ahmed20001451@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive and reusable web interfaces using React.js, Next.js, and TypeScript. Experienced in translating Figma designs into responsive web pages, developing reusable components, integrating APIs, and working with existing applications. Strong focus on clean, maintainable frontend code and creating polished user experiences with Framer Motion and modern frontend technologies.

EXPERIENCE

02/2026 – Present | Frontend Developer

Otel-Spider — Cairo

- Converted Figma and UI designs into clean, responsive web pages.
- Collaborated with designers and backend developers to implement features, enhancing overall user experience.
- Created interactive animations using GSAP and Framer Motion libraries.
- Fixed bugs and maintained existing web applications to improve stability and usability.
- Participated in team meetings, code reviews, and agile processes to support project alignment and development.

PROJECTS

Somatech — Next.js, TypeScript, Tailwind CSS

- Developed a scalable multi-dashboard frontend application using Next.js App Router and TypeScript, supporting multiple user roles and workflows.
- Built reusable and modular UI components with Tailwind CSS, ensuring consistent design and responsive layouts across devices.
- Implemented client-side form handling and validation using Formik and Yup to improve data accuracy and user experience.

Hotel Landing Page — React.js, Framer Motion, Tailwind CSS

- Developed a modern and fully responsive hotel landing page using React.js and Tailwind CSS.
- Created high-end animations and interactive user experiences with Framer Motion.
- Optimized responsiveness and performance to deliver a smooth experience across desktop and mobile devices.

TECHNICAL SKILLS

Languages: HTML5 • CSS3 • JavaScript (ES6+) • TypeScript

Frameworks & Libraries: React.js • Next.js • Tailwind CSS • Bootstrap • Framer Motion • GSAP • Context API • React Router • Formik • Yup

Frontend: Responsive Design • State Management • API Integration • Component Reusability • Server-Side Rendering • Authentication • Performance Optimization

Tools: Git • GitHub • Vite • Axios • Debugging • Code Review • Design Collaboration • Agile

EDUCATION

B.Sc. in Computer Science | AAST University, Cairo, Egypt | 2023

LANGUAGES

• Arabic (Native) • English (Professional)
