📄 Professional Summary

Full-Stack Software Engineer specializing in ASP.NET Core and Angular, with hands-on experience building scalable RESTful APIs and enterprise-level web applications. Strong background in authentication systems, database design, and clean architecture. Passionate about writing maintainable, high-performance code and continuously improving technical skills.

🎓 Education

Bachelor of Computer and Artificial Intelligence, Cairo University (2018 - 2022)

- GPA : 3.63 (Excellent with honor)
- Graduation Project: Excellent

💼 Professional Experience

Coding Instructor, Codingal

Apr 2025 – Present

- Taught programming fundamentals (C++, Python, OOP concepts) to students.
- Mentored students in building small-scale software projects.

Web Development Internship, CodeAlpha

Oct 2025 – Mar 2026

- Developed responsive web pages using HTML, CSS, JavaScript, and Bootstrap.
- Collaborated on frontend/backend integration tasks.
- Practiced debugging and API integration techniques.

ASP.NET internship, Route

Apr 2024 – Jan 2025

- Built MVC-based applications using **ASP.NET Core MVC**.
- Implemented CRUD operations and integrated SQL Server database.

Junior Angular developer, Eye Debugger

Feb 2024 – Dec 2024

- Built responsive UI components using **Angular, TypeScript, HTML, CSS, and Bootstrap**.
- Integrated frontend applications with REST APIs.
- Improved application performance and fixed UI/UX issues.

📁 Projects

Company MVC Project 📄

- A Web application To Develop a secure, role-based Employee, Department, and User Management System with ASP.NET Core MVC, featuring N-Tier Architecture, authentication with ASP.NET Identity, email notifications, and a responsive UI using Bootstrap and jQuery.

Talabat ASP.NET-Web Api 📄

- Built scalable e-commerce REST API using ASP.NET 📄 Core, EF Core, JWT.
- Implemented authentication, order, basket, and payment modules.

recipes-app: 📄

- An Angular, TypeScript, CSS, and HTML feature-rich app with a highly user-friendly interface that facilitates easy addition, editing, and discovery of recipes.

fit-app 📄

- This fitness app project showcases my proficiency in Angular, HTML, CSS, TypeScript, and Firebase. The combination of a robust front-end framework, responsive design, and data storage enhances the overall fitness experience for users.

market-store 📄

- a comprehensive market store application, integrating Angular, API, Bootstrap, Sass, and HTML.
- Engineered a user-centric interface to enhance the shopping experience and streamline store management.

🧠 Skills

Frontend Development — HTML,CSS, JavaScript,TypeScript,Angular, Bootstrap,Sass, Responsive Design

Backend Development — RESTful APIs, ASP.NET, MVC, LINQ, Entity Framework Core,SQL

Programming: — Python ,C++,C# ,java

Computer Science: — Data Structures & Algorithms, Object-Oriented Programming Git, CI/CD, Agile

🎓 COURSES AND TRAINING

The Web Development Challenger Track, Ministry of Communications and Information Technology, 2022

Introduction to IT & Cybersecurity, Cybrary, 2022

Summer Training, Agriculture Research Institute, Ministry of Agriculture, 2022

🌐 Languages

Arabic, English
